Armada[®]
50 WDG

Diseases don't stand a chance

Protect your turf & ornamentals with Armada.

Armada[®]
50 WDG

Protect your turf from the toughest diseases.

Armada's broad spectrum of disease control offers protection against dollar spot, brown patch and many other hard-to-control turf diseases. Armada can be applied to all turf types, with a long-lasting residual control of 21-28 days. So you can count on dependable control that will fit all of your customers' needs.

Turf Diseases Controlled:

// Dollar Spot	// Summer Patch	// Red Thread	// Fairy Ring
// Brown Patch	// Rapid Blight	// Rust	// Take-All Patch
// Anthracnose	// Pink Patch	// Stripe Smut	
// Leaf Spot	// Southern Blight	// Pink Snow Mold	
// Gray Leaf Spot	// Fusarium Patch	// Large Patch	

Get the most out of every application.

// The ideal application rate is 1.2 – 1.5 oz./1,000 sq. ft. of turfgrass.
// Increase plant health benefits by applying Armada 15-30 days prior to harvesting sod.

Enhance sod health.

For enhanced leaf greenness and turf density, sod producers can apply Armada 50 WDG to warm-season turf varieties such as bermudagrass, St. Augustinegrass and centipedegrass. When applied prior to harvesting and transporting, Sod treated with Armada will show enhanced performance under shade conditions.

New growth after one application with Armada at 1.2 oz./1,000 ft.²

Armada[®]
50 WDG

Armada[®] 50 WDG has your ornamentals covered.

Armada's unique, dual mode-of-action allows you to handle the toughest ornamental diseases out there. With Armada, you're assured of great performance on both turf and ornamental plants. This flexibility reduces the need for an extensive inventory – saving you money. You get broad-spectrum control and protection all in one – saving you time.

Rate recommendations for ornamentals.

Armada 50 WDG will control foliar diseases of ornamental plants when applied as a foliar spray to the plant species listed on the label. Apply 3 to 9 oz. Armada 50 WDG per 100 gallons of spray solution.

Ornamental Diseases Controlled:

// Anthracnose
// Black Spot
// Downy Mildew
// Leaf Spot
// Powdery Mildew
// Rust
// Scab
// Stem & Cone Rusts
// Tip Blight
// Lophodermium Needlecast
// Pine Rust
