

NOW AVAILABLE From Golf Ventures

PORTA-PAK™ ULTRA LOW VOLUME APPLICATOR

Gas Powered Sprayers

Hudson® Product Features

- This is a true ULV sprayer, not a mist blower
- Motor and large, specially designed fan generate powerful, high volume air stream that drives micron size (18 - 75) droplets
- Covers swath up to 75 feet (23 m) wide and up to 45 feet (15 m) high!
- Uses concentrated pesticide so there is no water mixing or carrying required
- Ideal for use in orchards and groves, inside large warehouses, feedlots, etc
- Also ideal for mosquito control for public health
- Easily carried on applicator's back
- Optional parts kit for fast, easy, in-the-field servicing
- .9 gal/3.5 Liter Capacity
