

AQUA·AID

OARS PS

Penetrating
Surfactant

GENERAL INFORMATION

OARS PS is a penetrating surfactant which aids in controlling soil water repellency and helps provide uniform soil moisture. When used as directed, **OARS PS** is safe to turf and can be applied at any time of the year to avoid the detrimental impact of water repellency stress and localized dry spots on turf and to increase the vigorous appearance of turfgrass. **OARS PS** is easy to apply through standard spray application equipment to all turfgrass areas.

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

OARS PS comes with a 100% money back guarantee. If you are not satisfied with OARS PS for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.

8.79 lbs/gal at 68° F (1.05 kg/k at 20° C)

CONTAINS NON-PLANT FOOD INGREDIENTS:

Active Ingredients

85.0%	Hexahydroxy polyoxyalkylene polymers
7.5%	Amine salt of alkyl substituted maleic acid
7.5%	Inert ingredients

DIRECTIONS FOR USE

Golf, Lawns and Sports Turf

Apply **OARS PS** at 4 to 5 ounces per 1000 ft² in 2 gallons of water (13 to 16 L/ha in 800 L) at 30 day intervals. After an initial 5 ounce (16 L) application, difficult to manage areas will respond best by applying 2 to 2.5 ounces per 1,000 ft² in 2 gallons of water (6 to 8 L/ha in 800 L) at 15 day intervals.

For increased surface firmness, apply **OARS PS** at 6 to 8 ounces per 1000 ft² in 2 gallons of water (20 to 25 L/ha in 800 L) at 30 day intervals.

Irrigate with sufficient water to deliver **OARS PS** to the soil profile - 1/8 inch (3 mm) or more recommended.

DO NOT combine **OARS PS** in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.

HAZARD STATEMENT(S)

Causes serious eye damage.

PRECAUTIONARY STATEMENT(S)

Keep out of reach of children. Read label before use. Wear eye or face protection. IF IN EYES: Rinse cautiously with water for several minutes. Immediately call a POISON CENTER or physician.
