VENTURE CURE

100% ACTIVE PREMIUM TURF WETTING AGENT

Venture Cure Plus is a 100% active premium soil surfactant formulated specifically to increase turf quality by treating soil hydrophobicity and promoting uniform moisture access on a rootzone-level. Venture Cure Plus builds upon the industry-leading wetting agent technology found in Venture Cure, to offer the same outstanding efficacy but with results that last up to twice as long. Venture Cure Plus excels at treating localized dry spots (LDS) and relieving stress in drought-stricken turf for up to 60 days after initial treatment.

Venture Cure Plus is best applied as part of a managed application program. Venture Cure Plus is compatible with a wide range of turf products and can be tank-mixed with other materials during application, these include: nutrients, biostimulants, fungicides and insecticides. The addition of Venture Cure Plus at the time of application of these materials may enhance their performance due to the increased spreading and penetration efficacy provided by Venture Cure Plus.

- ✓ **100% ACTIVE**
- ✓ **LASTS UP TO 60 DAYS**
- ✓ **NON-PHYTOTOXIC**
- ✓ **TREATS SOIL HYDROPHOBICITY**
- ✓ **INCREASES WATER EFFICIENCY**
- ✓ **COMBATS LDS**
- ✓ **COMPATIBLE WITH ALL TYPES OF TURF**

Venture Cure Plus should be watered in within 18 hours of application to ensure the product is properly placed in the soil profile. There is no need to immediately water behind the application of Venture Cure Plus as Venture Cure Plus is non-phytotoxic.

Application Rate	Timing	Water Volume	Watering In
6 fl oz per 1,000 sq ft	2 applications at 28 day intervals to begin the program	2 - 4 Gallons	as soon as possible after application
Followed by 4 fl oz per 1,000 sq ft	Repeat every 28 to 60 days thru season	2 Gallons	as soon as possible after application
