VENTURE CURE

100% ACTIVE PREMIUM TURF WETTING AGENT

Venture Cure is a 100% active premium soil surfactant formulated specifically to increase turf quality by treating soil hydrophobicity and promoting uniform moisture access on a rootzone-level. Venture Cure excels at treating localized dry spots (LDS) and relieving stress in drought-stricken turf.

Venture Cure is best applied as part of a managed application program. Venture Cure is compatible with a wide range of turf products and can be tank-mixed with other materials during application, these include: nutrients, biostimulants, fungicides and insecticides. The addition of Venture Cure at the time of application of these materials may enhance their performance due to the increased spreading and penetration efficacy provided by Venture Cure.
