

# GROW VIBRANT® TURF

## VIBRANT®

### PATENTED FOLIAR FERTILIZERS

Vibrant® fertilizer solutions are designed to support healthy turf throughout the growing season. Vibrant fertilizer solutions can be blended together to create a variety of analyses. Vibrant patented foliar fertilizer solutions are formulated with premium sources of NPK, Krystal Klear® micronutrients and proprietary organic supplements.

#### EASY TO USE:

Compatible with most fungicides, herbicides & insecticides for easy tank mixing and fewer applications

#### COMPLETE:

Contains patented Krystal Klear micronutrients critical for plant health: iron, copper, manganese, zinc and boron

#### HIGH-QUALITY:

Formulated with premium sources of plant nutrients

#### MIX N' MAX:

Adjust the proportion of Vibrant foliar fertilizers in a tank mix to achieve optimal performance depending on the nutritional requirements of turf and ornamentals

**VIBRANT® BLUE (15-3-5)** with 0.5% Fe, 0.1% Mn, Cu and Zn & 0.025% B plus organic extracts

- Provides quick green-up and turf color and quality, even during the height of summer stress.

Applications: Apply at a rate of 4.0 – 7.0 fl. oz. per 1,000 ft<sup>2</sup> (1.4 – 2.4 gallons per acre) every 2 – 4 weeks throughout the season.

**VIBRANT® GREEN (18-3-4)** with 10% SRN and 1% Fe, 0.1% Mn and Zn, 0.025% B plus organic extracts

- Designed to deliver a significant color response with a limited growth response.

Maintenance Applications: 4 - 5 fl. oz. per 1,000 ft<sup>2</sup> (1.4 - 1.7 gallons per acre)

Severe Deficiencies: 6 - 8 fl. oz. per 1,000 ft<sup>2</sup> (2 - 2.7 gallons per acre)

Timing: Apply throughout the growing season beginning in the early spring and continue through the late fall.

**VIBRANT® RED (3-6-12)** with 0.1% Cu, Fe, Mn and Zn, 0.05% Si, 0.025% B plus organic extracts

- Formulated to help tolerate environmental conditions such as heat and drought stress during tough summer months.

Maintenance Applications: 3 - 6 fl. oz. per 1,000 ft<sup>2</sup> (1 - 2 gallons per acre)

Timing: Apply throughout the growing season beginning in the early spring and continue through the late fall.

Trees, Shrubs and Ornamentals Rates for all Vibrant Products: Apply as needed throughout the year. Apply at rates of 1 - 1.5 gal. of Vibrant per 100 gal. of spray solution. Apply 5 gal. per diameter inch.
