## DualLINK FORGED BYPASS LOPPER SL 8180 | 31 IN. | STEEL HANDLES

- DualLINK compound cutting magnifies input force to do 35% less cutting effort
- MAXFORGED steel: most durable tools that stay sharper longer
- DualARC bypass blade efficiently cuts green or dry branches
- Integrated shock-absorbing bumper reduces shoulder strain
- Soft contoured grips comfortably fit many hand sizes
- Lifetime warranty

Patents U.S. D802,384, Canada 172120

## DualCUT BYPASS LOPPER SL 7180 | 31 IN. | STEEL HANDLES

- Patented DualCUT blade and hook provides two zones of cuts: precision and power
- MAXFORGED steel: most durable tools that stay sharper longer
- DualCUT bypass blade efficiently cuts green or dry branches
- Integrated shock-absorbing bumper reduces shoulder strain
- Soft contoured grips comfortably fit many hand sizes
- High-carbon steel blades are resharpenable
- Lifetime warranty

### REPLACEMENT PARTS AVAILABLE

- 7180-3 - Pivot Bolt and Nut
- 7180-40 - Bumper with Screw

Patents U.S. D664,406, 8,910,386, Canada 2,775,512

## ProCUT BYPASS LOPPER SL 7280 | 31 IN. | STEEL HANDLES

- Advanced blade technology and high-performance blade coating
- Replaceable, resharpenable DualARC blade
- Shock-absorbing integrated bumper
- Comfortable handle with contoured soft grip
- Strong metal end cap
- Lifetime warranty

### REPLACEMENT PARTS AVAILABLE

- 7280-1 - Blade
- 7180-40 - Bumper with Screw

U.S. Patents D664,406

\*Blade technology and high-performance coating reduce cutting effort by 25% when compared to titanium or non-coated blades

## ClassicCUT® BYPASS LOPPER SL15167 | 31 IN. | STEEL HANDLES

- MAXFORGED steel: most durable tools that stay sharper longer
- ClassicCUT® bypass blade efficiently cuts green or dry branches
- Integrated shock-absorbing bumper reduces shoulder strain
- Replaceable blade and parts for long-lasting performance
- Contoured grips comfortably fit many hand sizes
- Lifetime warranty

### REPLACEMENT PARTS AVAILABLE

- 15150-40 - Bumper and Screw
- 7180-3 - Pivot Bolt and Nut
