FOAM MARKER SELECT™

MAINTENANCE

GENERAL INFORMATION

Foam Marker SELECT is a high visibility, stable foam marker engineered to remain tough and flexible under a wide variety of field conditions whether the water source is hard, soft, hot or cold. Foam Marker SELECT enables the applicator to spray accurately without the skips, gaps and overlaps that can lead to reduced pesticide effectiveness.

DIRECTIONS FOR USE

For best results, begin with a freshly cleaned foam tank. Foam generation can be affected by scale, rust or other solid materials in the tank. Mix Foam Marker SELECT with water and place in foam marker tank.

Use 1 gallon of Foam Marker SELECT for every 100 gallons of water.

Foam Marker SELECT is formulated to be a 100:1 foam marker. Over dosing and under dosing can lead to poor quality foam, but the rate may be carefully adjusted. If foam is runny or watery, add additional Foam Marker SELECT until preferred texture and stability are attained. If foam is too thick, add water.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product. Shake well before using. If product freezes, allow to thaw, then shake well. For optimal storage, store between 40° and 90° F.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
